

The STRONGEST THING

By Shawn

One hot, sunny morning, the Boastful Lion was boasting about how he 'Had killed a dragon with a flick of his big claws and battled Nessi in the deepest ocean any animal had ever seen before'. The animals didn't say a word.

Whilst listening to the bragy lion, the clever hare had a combat plan. "Well "he said. "Agile Ants can only carry about One – Thousand kilograms, Big Bad Brutal Beetles can carry Five – Hundred kilograms but you ... *Ha* can only carry twenty – five kilograms isn't that right.

"That is not true"

"It was a rhetorical question"

"Well I don't care." the lion roared "Give me a challenge and I will beat it."

All of a sudden, a smudge smile came across his face.

"Really" the hare said.

"Well of Course bring it on"

"O.K" said the Clever Hare.

"Stay here and wait in this room for the stronger person to come" he explained. "He should come in a few days' time.

For weeks nothing happened.

Five months later ...

The lion was filled with rage.

"Were is he?" he growled.

“Right here,” the hare laughed

“Hunger,” he said.

And he was right the lion was as thin as a stick.

“Now you will know what it feels like to be completely humiliated” he said.

THE END.
