

introduction

In this project I will be telling you about my family's ww2 history and some local areas that were in the world war.

when there was an air raid at Sumner buildings people would go to the air raid shelter which is still here to this day but covered with a black door.

There used to be a church by Sumner buildings but sadly it got bombed and is now replaced with a lovely garden area .

Family

Harold carter(great grandfather) was part of the D-day landings in Dunkirk

Arty Watkins(great-great uncle) was the driver for Montgomery.

Beryl Moreton(great grandma)was a balloon operator ATC .

Elephant and castle tube station WW2

in the blitz the tube station in elephant and castle tube station was packed with people in need of shelter and comfort

it lasted for 8 months and started in September 1940 to may 1941 when the Germans lost

Desert rats

My grandma's parents were head of desert rats and were born in a rat base so I'm going to write short about the dessert rats

Desert rats are also called the British armoured division was founded in 1938 there were 14,964 men in the army division career came to an end in 1958
