Foreword

A message from the cabinet member for children and schools at Southwark Council

Dear parents and carers

Starting primary school is a huge milestone for you and your child. If your child is due to start primary school in 2018, I hope that this brochure will help to clarify the process of deciding which school is right for your child by providing useful information about the different types of primary schools in Southwark. I regularly visit our primary schools, and I can assure you that by choosing to send your child to a Southwark school, your child will go to a school that maintains some of the highest standards in the country.

Our primary schools have significantly improved levels of achievement in English and maths and 91 per cent of our schools have been judged good or outstanding by Ofsted, which is in the top quartile of performance nationally. We are also working with our popular local primary schools to guarantee a local primary school place for every child. We have agreed a series of expansions at schools across the borough to increase the number of places in primary schools in Southwark, bringing the number of additional places provided in the six years from 2011 to 2017, to 2,900.

As well as maintaining high academic standards, we are also helping to improve our children's health and wellbeing by offering free, healthy school meals to all primary school children, over and above the government's national scheme which only includes reception, year 1 and year 2 pupils. In addition, all our primary school pupils now receive fruit as a morning snack.

Applications for our primary school places will only be accepted online. To access an online application form please go to southwark.gov.uk/schooladmissions. If you don't have access to the internet, please go to one of our Southwark libraries or MySouthwark customer service points which offer free access to the internet with staff on hand to help you.

It's important that when you select the six preferred schools you would like your child to attend, that you read through this brochure carefully so that you understand what each school offers. I would also advise you to attend one of the open days so that you can tour the school and meet the teachers. That way you know you are selecting a school for your child where they will thrive and meet their full potential.

Please let me know if you have any questions about primary education in Southwark. You can contact me by emailing victoria.mills@southwark.gov.uk or calling **020 7525 1969**.

I wish you and your child the very best.

Victoria Mills

Cabinet member for children and schools, Southwark Council

Finding the right school for your child

Start finding out about schools now

- Before you decide which schools to apply for and your order of preference, we strongly advise that you read the guidance in this brochure.
- You will find information about schools in Southwark either within this brochure, from the schools directly, online or by contacting Southwark Council's school admissions team on **020 7525 5337**.
- You can also talk to teachers and other parents/carers whilst thinking about what is important to you and your child.

Look at school brochures/websites

- All schools produce their own brochures, which contain far more information about the school than we can provide in this brochure.
- Many schools also have their own website which can be a valuable source of information. School websites are included on the individual school's page within this brochure.
- To help you research which schools are right for your child, all Southwark Council libraries offer free access to the internet with staff on hand to help. To find your local library contact Southwark Council's customer service centre on **020 7525 5000**.

Visit as many schools as possible

- Parents and carers are strongly encouraged to visit schools to see what each has to offer.
- If you are interested in applying for a school, look at their oversubscription criteria in detail before completing the online application form and listing it as a preference.
- If you are going to apply to a school under their medical/social criterion, it is important that you visit the school first before naming it as a preference on your application. This is to ensure that the school is suitable to meet your child's needs.

Look at the most recent Ofsted reports

- All schools in Southwark are inspected regularly by the Office for Standards in Education (Ofsted). Ofsted's main aim is to help improve the quality and standard of education and childcare through independent inspection. You can check the latest report for any school by asking the school for a copy or by visiting the Ofsted website www.gov.uk/government/organisations/ofsted

Extra help

Help and advice is always available from Southwark Council's school admissions team. We can answer any questions you may have about the admissions process. Email schools.admissions@southwark.gov.uk or you can phone us on **020 7525 5337**.

Applying for a reception place

When can my child start primary school?

- If your child was born between 1 September 2013 and 31 August 2014, your child is due to start primary school in September 2018. You must start applying from September 2017 and submit your application before the closing date on Monday 15 January 2018.
- The Southwark school admissions team will provide for the admission of children into the reception year group in the September following their fourth birthday. However, a child is not required to start school until they have reached compulsory school age.
- Compulsory school age is set out in section 8 of the Education Act 1996 and The Education (Start of Compulsory School Age) Order 1998. A child reaches compulsory school age on the prescribed day following his/her fifth birthday (or on his/her fifth birthday if it falls on a prescribed day). The prescribed days are 31 December, 31 March and 31 August.

Deferred entry

- In accordance with Paragraph 2.16 of the School Admissions Code 2014, families are able to:
 - Defer their child's entry to school until later in the same academic year;
 - Defer their child's entry to school until s/he reaches compulsory age; or
 - Take up their child's Reception place part time until s/he reaches compulsory school age.
- For further information on deferring a child's place until later in the same academic year, please read our policy on "Deferring entry to primary school" which can be viewed at www.southwark.gov.uk/schooladmissions

Admission of children outside of their normal age group

- Families with summer born children who have not reached compulsory school age may request to delay their child's entry to Reception until the following academic year.
- For further information on how to request to delay a summer born child's entry to Reception until the following academic year, please read our policy on "Admission of children outside of their normal age group" which can be viewed at www.southwark.gov.uk/schooladmissions

For further information, advice and support please contact the school admission team by email at schools.admissions@southwark.gov.uk or by telephone on 020 7525 5337.

Different types of primary schools in Southwark

There are five types of mainstream primary schools in the borough and Southwark Council co-ordinates admission applications on behalf of these schools. All schools follow the national curriculum and are regularly inspected by the Office for Standards in Education (Ofsted). For children starting school in Southwark there are 75 primary schools to choose from.

Community schools

There are 34 community schools in Southwark. Southwark Council is responsible for the arrangements for admitting children.

Voluntary aided schools

There are 12 Church of England and 12 Catholic primary schools in Southwark. The school's governing body is responsible for school admissions and decides how pupils are admitted.

Academies

There are seven primary academies (including one all through academy for children aged three to 18) in Southwark. The Academy Trust is responsible for school admissions and decides how pupils are admitted.

Foundation schools

There are four primary foundation schools in Southwark. The school's governing body is responsible for school admissions and decides how pupils are admitted.

Free schools

There are six free schools in Southwark. The school's governing body is responsible for school admissions and decides how pupils are admitted.

Non community schools, (academies, voluntary aided, foundation and free schools) are their own admissions authority and are responsible for setting their own admission arrangements. Southwark Council's school admissions team coordinates admission applications to all schools. In cases where a decision not to offer a place has been made, parents/carers will need to contact each non community school for further details.

Admission authorities are responsible for ensuring that their arrangements are fair, clear and compliant with current regulations. If you have a query about a particular arrangement, you must raise it directly with the relevant admission authority. If your query remains unresolved and it relates to a Southwark school, please contact our admissions compliance officer by email on admissions.compliance@southwark.gov.uk

You may also raise any objections to admission arrangements with the Office of the Schools Adjudicator by 15 May. Please see page 76 for details on how to contact them.

How to apply

Information about applying

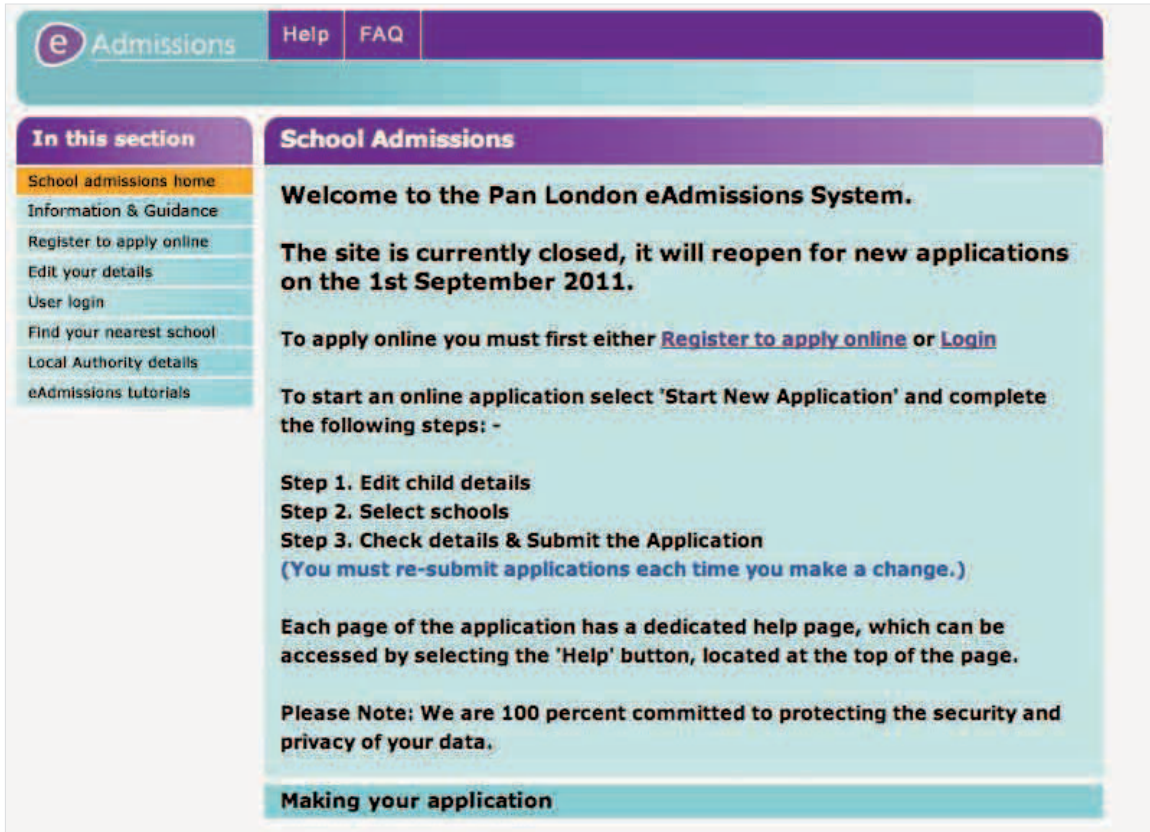

Before you start applying there are a few things you need to know.

- If you are a Southwark resident you must apply online by visiting www.southwark.gov.uk/schooladmissions
- If you live in another borough you must complete the admission application for the borough in which you live, even if you would like to apply for a school in Southwark.
- When applying for a school place you may express a preference for up to six schools whether they are in Southwark or in another borough.
- If you are going to apply to a school under their medical/social criterion, it is important that you visit the school first before naming it as a preference on your application. This is to ensure that the school is suitable to meet your child's needs.
- Some schools need to collect information that is not included on the admission application. They request this information using a supplementary information form (SIF). The school will use the information you provide by comparing it against their published admissions criteria. For example, a faith school will require evidence of church attendance.
- You must complete a SIF if the school you have listed as one of your preferences requires this. Please view the individual school's page within this brochure to check if a SIF is required.
- The SIF will be available from the school and must be completed and returned directly to the school. Please check the individual deadline date for returning the SIF with each school.

- The online application will not be valid unless it is submitted by **11.59pm on 15 January 2018**. You will then receive a unique application reference number by email confirming that your application has been submitted successfully. If you do not receive this email please check your junk mail folder. If you have still not received the email please submit your application again as it will not have been submitted successfully.
- Where a SIF is also required alongside an admission application your application may be invalid or your chance of a place reduced unless both the forms have been fully completed and received at the correct addresses by the closing dates. Please note that you will also need to sign the SIF before sending it to the school.

When can I start applying online?

- You can start applying online from 1 September 2017 at www.southwark.gov.uk/schooladmissions
- If you do not have a computer at home or do not have internet access, Southwark Council's libraries and MySouthwark customer service points offer free access to the internet with staff on hand to help. To find your local library or MySouthwark customer service point, contact Southwark Council's customer service centre on **020 7525 5000** for further details.

How do I apply online?

Online school admission applications are quick and easy to do. All you will need is an email address to register with www.eadmissions.org.uk which should take approximately five minutes. Don't worry if you do not have an email address. You can sign up for a free email account by reading our leaflet 'Registering for an email account' which can be requested from the school admissions team by calling **020 7525 5337**.

Follow the steps below and you're ready to start your child's online application.

Step 1

- To apply online go to www.southwark.gov.uk/schooladmissions

- Click on

Apply online for school admissions

- You will be taken to the eAdmissions webpage.

Step 2 Registering to apply online

This is the first time I am applying online using eAdmissions. What should I do?

- If this is the first time you are applying for a school place on the eAdmissions website, you must register to apply online. It is important that the person registering has parental responsibility for the child and that they both live at the same address that has been stated on the online application.
- You will need to click on 'Register to apply online'. Once you have registered, you will be sent an email with your user name and instructions. Follow these instructions and you will be sent another email with your password.
- The email will also contain a web link which will take you to the eAdmissions log in page to start your application.

I have applied online before using eAdmissions. What should I do?

- If you have used the eAdmissions website before to apply for a school place for any of your children you do not need to register again. You will need to click on **'Login to an existing account'** or **'User login'** and log in with the same user name and password that you used when you previously applied online.
- If you wish to change any of your personal details e.g. your address, email or phone numbers please click on **'Edit your details'**. You can then make the necessary changes but you must ensure you click **'Save and continue'**.
- If you have forgotten your user name and password you must contact the technical support team by telephone on **020 8255 5555 (option 1)** who will be able to assist you.

Step 3 Completing the application

- Each page on your screen will explain what you need to do as clearly as possible with a **'Help'** button at the top of the page which you can click on if you need further guidance.
- You can also find additional information if you hover over an underlined heading until a symbol of a hand appears. Click on the heading to display the information.
- Please ensure that the online application is fully completed and that you enter the details correctly. Failure to tick certain boxes, e.g. the sibling box or the social/medical box, will mean that the sibling or social/medical criteria may not be identified when your application is being processed.
- You must ensure that you click **'Save and continue'** each time you complete a page of the application.

When and how do I submit the application?

- When you have completed your application you must submit it by the closing date of **15 January 2018**.
- Use the **'Submit Application'** button to submit your application. Once you have submitted your online application the system will show as **'Submitted'** and show the date, time and version number of the submitted application.
- You will also receive an email confirming details of your application and will be given a unique application reference number similar to this: 210-2018-09-E-002100. If you do not receive such a number it means your application was not submitted successfully and you must try submitting it again as the school admissions team will not have received it.

Southwark Council cannot accept responsibility for applications which are not received by the closing date.

Can I change my preferences once I have submitted my application?

- If you have submitted your online application before the closing date you are still able to make changes to it. If you do go back and make further changes you must save and submit your application again before the closing date.
- After the closing date Southwark Council's school admissions team will accept the last submitted version of your application.

What communications will I be sent if I apply online?

The eAdmissions website will send you various emails including:

- An email with your **username** asking you to validate your email address.
- An email with your **password** so that you can login and start your application.
- An email with your **unique application reference number** and the **summary of your submitted application**.
- An email **reminder** to submit any un-submitted applications about 1 week before as well as 24 hours before the closing date. If you register less than 24 hours before the deadline you will not be sent this email.
- An email with the **outcome** of your online application will be sent during the evening of **16 April 2018**.

If you have registered your mobile phone number to be part of the text messaging service, eAdmissions will send you various text messages including:

- A text with your **validation code**.
- A text confirming your **username** and **password**.
- A text **reminder** to submit any un-submitted applications about 24 hours before the closing date. If you register less than 24 hours before the deadline you will not be sent this text.
- A text with the **application reference** number of your submitted application.
- A text to inform you that the outcome of your application is available to view online. You will not be sent the outcome of your online application by text message.

If you feel you may need further help and advice in completing an online application please contact your child's current nursery school who may be able to support you.

Important information

- You must complete a supplementary information form (SIF) if the school you have listed as one of your preferences requires this. Please view the individual school's page from page 26 onwards to check if a SIF is required. The SIF will be available from the schools and must be completed and returned directly to the school. Please check the individual deadline date for returning the SIF with each school.
- If you are providing additional information to support your application such as a medical letter make sure you upload this as an attachment with your online application or, submit this by post to the school admissions team before the closing date of **15 January 2018**. Please see the back of this brochure for the school admissions postal address.
- It is important that you keep a copy of your final completed application and note down the reference number as you will need it to view the outcome of your application when they become available online during the evening of **16 April 2018**.
- If you experience any technical difficulties or have any questions regarding the eAdmissions website you can contact the London Grid for Learning, which administers the website on **020 8255 5555** and **select option one**.

For further information, advice and support, please contact the school admissions team by email at schools.admissions@southwark.gov.uk or by telephone on 020 7525 5337.

What happens after the closing date?

How the decision to offer a school place is made

- Each of your preferences will be considered individually under each school's oversubscription criteria.
- If you have listed any schools outside of Southwark, we will send your preference/s to those boroughs electronically.
- Depending on the type of school you have applied to, the decision to offer a school place will be made by:

Community school – where a school has received more applications than there are places available, Southwark Council's school admissions team applies their oversubscription criteria (see page 18) and prioritises the order of offers to be made.

Academies, voluntary aided, foundation and free schools (non-community schools) – where a non-community school has received more applications than there are places available, the governing body of each school applies their oversubscription criteria and decides which applicants are to be offered a school place. To view a summary of each non-community school's oversubscription criteria please see page 26 onwards. Once all schools have prioritised applications based on their oversubscription criteria, they will provide a ranked list to Southwark Council's schools admissions team.

- If more than one offer can be made from your list of preferred schools, we will check your application to see which one is ranked highest and offer you that place. Any school listed as a

lower preference will be automatically withdrawn so that these places can be offered to other applicants.

- Your child will only receive one offer of a school place.
- If your child is a Southwark resident and it is not possible to offer him/her a school you have listed as a preference, we will offer an alternative place at a school with capacity. This is likely to be the nearest Southwark school to the child's home which has a vacancy.

Offer of a school place

- You will receive an email after **5pm on 16 April 2018** which will provide information on what to do next. You will also be able to view the outcome of your application on the eAdmissions website during the evening of **16 April 2018**.
- Application results will not be provided over the telephone.
- Please note that the offer of a school place is conditional until proof of address has been confirmed by the school.
- Original copies of the following will be required:
 - Child benefit documentation or if you are no longer eligible to receive child benefit, a letter from HMRC confirming that you were previously in receipt of child benefit.
 - Council tax bill
 - One other proof of address, for example bank statement, TV licence, credit card or store card statement.

Important information

If the council or an admission authority has reason to suspect that a family does not live at the address stated, we will carry out an investigation. Should we discover that a parent is making a fraudulent claim the offer of a place will be withdrawn.

Respond to your offer of a school place

- Your child's offer will be automatically accepted if you are a Southwark resident and his/her details will be forwarded to the allocated school after **30 April 2018**.
- This offer of a school place will remain available unless you notify us of any other suitable alternative arrangement for education that has been made for your child. You must notify the school admissions team by email at schools.admissions@southwark.gov.uk and include your unique application reference number by **30 April 2018** so that other children may be offered the place.

If you are not offered a school of your preference

Waiting lists

- If it is not possible to offer a place at one of your preferred Southwark schools we will allocate an alternative school. Your child's name will automatically be put on to the waiting lists of schools which were named as a higher preference on your application. However, there is a great deal of movement on waiting lists up until the start of the academic year. The school admissions team will contact you should a place become available at your preferred school.
- Southwark Council's school admissions team hold waiting lists for all Southwark schools until **31 August 2018**.
- You may also ask for your child's name to be added to the waiting list of any out of borough school listed on your application form.
- The School Admissions Code 2014 requires admission authorities to hold their waiting list strictly in order of the priorities of their oversubscription criteria. Please note, if your child's name is added to a school's waiting list, their position may go up or down the list depending on whether any late applicants have been added and how the oversubscription criteria applies to these children (i.e. if a late

applicant meets a higher admissions criterion than others already on the list, they will be given a higher waiting list position). This then ensures that if a vacancy arises at a school at any time, the oversubscription criteria is used to determine which child is offered a place from the waiting list.

- If a conditional offer made from a waiting list is not accepted within five working days it will be withdrawn and offered to the next child on the list.
- If you change address whilst on a waiting list, evidence of the new address will be required when measuring for the home to school distance criterion.

Appeals

- You can appeal against the decision not to offer your child a place at a preferred school. Please see below for further information on how to appeal.

Appeals

Community primary schools

- If you were unsuccessful in being offered a place for your child at one of the Southwark community schools and would like to appeal, you will need to complete and return an admissions appeal form by the set date. For a printable copy of the admissions appeal form and guidance notes, please visit www.southwark.gov.uk/schooladmissions

- The email containing the outcome of your child's application will give you information about how and when to appeal.
- Independent appeal panels will consider all appeals and the hearing will be clerked by an independent appeals clerk. You will be able to attend the hearing.
- Appeals are heard in June/July. This is to allow for movement after the offer date where places become vacant as families may have accepted a place at an alternative school.

Southwark non community primary schools

- If you were unsuccessful in being offered a place for your child at one of the Southwark non community schools you must contact the school/s directly as they administer their own appeal hearings.
- They should then be able to give you further information about how to appeal and send you a copy of their own appeal form.
- The email containing the outcome of your child's application will give you information about how to appeal.

More detailed information about the appeal process can be found by contacting Southwark Council's school admissions team on **020 7525 5337** or by obtaining a copy of the School Admission Appeals Code from the Department for Education (DfE), see contact details on page 75.

Late applications

- Applications received after **15 January 2018** will not be considered for a place until after the initial offer of places on **16 April 2018**.
- However, Southwark Council's school admissions team can accept a late application where it considers there are exceptional circumstances. For example, if you have moved into Southwark between 15 January 2018 and 12 February 2018 your application may be accepted subject to valid

proof. Confirmation of the move including the date will be required.

If you are submitting a late application you will need to complete a paper form as the online application system will not be available after the closing date. The schools

Oversubscription criteria for Southwark community schools

Oversubscription criteria – September 2018 intake (for all years excluding nursery)

In the event of there being more applications than places available, places will be allocated in the following order of priority:

1. Children in public care (looked after children) and children who were previously looked after but ceased to be so because they were adopted (or became subject to a child arrangements order or special guardianship order) immediately following having been looked after (see note a)

2. Children with siblings who are already on roll at the school and will still be on roll at their date of entry (see note b)

3. Children with exceptional medical, social or psychological needs, where it is agreed by the Local Authority ("LA") and the headteacher that these can best be addressed at a particular school [see note c]

4. Children living nearest to the school as measured by a straight line from the child's home to the main school gate / entrance (see note d)

Notes

(a) A 'looked after child' is a child who is (a) in the care of a local authority, or (b) being provided with accommodation by a local authority in the exercise of their social services functions (see definition in Section 22(1) of the Children Act 1989) at the time of making an application to a school.

This includes children who were adopted under the Adoption Act 1976 (see section 12 adoption orders) and children who were adopted under the Adoption and Children's Act 2002 (see section 46 adoption orders).

Child arrangements orders are defined in section 8 of the Children Act 1989, as amended by section 12 of the Children and Families Act 2014. Child arrangements orders replace residence orders and any residence orders in force prior to 22 April 2014 is deemed to be a child arrangements order.

Section 14A of the Children Act 1989 defines a 'special guardianship order' as an order appointing one or more individuals to be a child's special guardian (or special guardians).

References to previously looked after children in the School Admissions Code 2014 means such children who were adopted (or subject to child arrangements orders or special guardianship orders) immediately following having been looked after.

(b) Sibling includes full, half, step, foster and adopted brother or sister living in the same family unit and at the same home address as the child.

The home address is where the parent/carer lives and the child permanently resides unless otherwise directed by a Court Order. This will also apply to informal care arrangements. Where a child spends time with both parents/carers in separate homes and both have parental responsibility, the school will need to establish where the majority of school nights (Sunday to Thursday) are spent. This will then be treated as the home address.

Siblings attending the nursery or in Year 6 who will be transferring to secondary school will not be regarded as a sibling under this criterion.

(c) Supporting evidence to substantiate that the child or their family has a medical, social or psychological need must be provided at the time of application. The evidence must be in a written format and should set out the reasons why, in their view, a particular school is the most suitable and the difficulties that would be caused if the child had to attend another school.

This evidence must be current and either from the child's registered general practitioner or any another relevant qualified professional that the child has been referred to and/or who is providing direct care/support/treatment to the child on an ongoing basis in their professional capacity e.g. a child or educational psychologist, a child psychiatrist, an orthopaedic consultant or a social worker.

(d) The LA uses the eastings and northings linked to an applicants address to calculate a straight line distance measurement to all of our community schools in Southwark which is generated by our Capita pupil database.

Due to Ivydale School being based at two sites the distance for this school only will be calculated using a straight line from each applicant's home address to the main gate / entrance of both school sites. The shorter of the two distances will then be used.

If a child lives in a block of flats where a communal entrance is used, the LA will use the grid references for the block, not for the individual flat. When dealing with multiple applications from a block of flats to the same community school, lower door numbers will take priority.

(e) Tie break – where a school becomes oversubscribed once all the criteria have been applied, places will be offered to children living nearest to the school measured by a straight line as described under criterion 4. If however there is a tie break lots will be drawn to decide which child is offered a place.

(f) A child's attendance at a co-located nursery class does not guarantee admission to the school for primary education. A separate application must be made for transfer from nursery to primary school.

(g) Multiple births – if only one place is available at the school and the next child who qualifies for a place is one of multiple birth siblings, Southwark community schools will admit all qualifying siblings as 'excepted pupils' by going over their published admission number.

Important information

Parents are advised that websites which provide distance measuring facilities such as www.googlemap.co.uk will not give an accurate measurement and cannot be relied on for school admissions purposes. Also the school finder facility on Southwark Council's website gives approximate distances to schools based on postcodes alone and cannot be relied on to identify the school which is the closest to an actual address.

Southwark Council has experienced an increase in demand for places. This growth is forecast to continue and will require an increase to the number of forms of entry provided in Southwark's primary schools. It is our aim to have finalised the locations of additional forms of entry for September 2018 later in 2017. We will publicise these on our website (www.southwark.gov.uk/schooladmissions).

In year applications can be made for places outside of starting reception class. Please read below for information on how to apply for an in year place for your child.

Families applying for a place in Southwark schools must complete the Southwark in year application form. Completed forms are to be returned to:
School admissions team (4th floor), children's services, Southwark Council, PO Box 64529, London SE1P 5LX or by email to **inyear.admissions@southwark.gov.uk**.

However, Southwark families applying to transfer their child from one Southwark school to another Southwark school must return their completed form directly to the school they are applying to.

Families who are applying for a voluntary aided (church) school, academy, foundation or free school, must contact the school directly to ask if they require families to complete a supplementary information form (SIF). All completed SIFs must be returned directly to the school of application.

The in year form is available to download at **www.southwark.gov.uk/schooladmissions**. Alternatively, you can request the form by calling **020 7525 5337**.

Families applying for a school place outside of Southwark are to contact the relevant local authority to enquire about applying for places in their area.

For further information about in year admissions please visit **www.southwark.gov.uk/schooladmissions**.

Early help localities

In order for young people to get the best out of their education it is important that they attend school regularly, they arrive on time, and that they get the right support to help them reach their potential. The early help localities is available throughout Southwark schools to support you and your child to achieve this.

School attendance

Southwark Council monitors school attendance and exclusions and helps schools and parents meet their legal responsibilities. Our officers work closely with schools to improve levels of attendance and behaviour, and will always try to work in partnership with parents to resolve any difficulties.

If your child is too unwell to attend school, you should contact the school straight away and tell the school when you expect them to return.

The council and government expect that parents will not disrupt children's education by taking them out of school during the school term. Headteachers can authorise up to five days absence in extenuating circumstances.

If permission is not granted the school may issue a penalty notice. This is a fine of £60 raising to £120 (per parent) if the penalty notice is not paid within 21 days. Failure to pay a penalty notice may result in a prosecution.

Please speak to the school before making your travel arrangements.

You can contact Southwark Council's early help service direct by contacting the duty desk on **020 7525 2714** between 9am and 5pm, Monday to Friday, where you will be able to arrange an appointment to see an officer or have a telephone discussion.

Safeguarding your child

Schools and Southwark Council have a legal duty to safeguard pupils and promote their welfare and wellbeing through effective links with parents and carers and child protection procedures. They must consider reporting any unexplained injuries; unusual behaviour or worrying things said by or about the child and will not take risks with the safety or welfare of your child.

- Good communication is very important between home and school about any accidents, illness or upset that might be affecting your child
- If you cannot collect your child from school on time, you must contact the school as soon as possible
- You must give your child's school your contact details and details of a relative or friend who is willing to act as an emergency contact
- A referral to children's social care will not normally be made without discussing this with you first but please make sure that the school knows how to contact you
- If you are looking after a child who is not a close relative for more than 28 days, you will need to register this as a private fostering arrangement so that you and the child can be properly supported
- If you think that your child is being bullied by other children (including upsetting text messages or via the Internet) you must report this to their teacher, head of year, form tutor or class teacher.

Exclusions

A headteacher may exclude a child in response to serious breaches of the school's disciplinary procedures. Advice for parents regarding exclusions is available from Southwark Council's pupil inclusion coordinator (exclusions) on **020 7525 2699**.

Education when away from school

Schools have to provide continued education for any pupil who is unable to attend school for a period of up to 15 school days. Your child's school will make arrangements for setting and marking school work to do at home. However, you must first contact the school to put these arrangements in place.

If your child is likely to be out of school for more than 15 school days, tuition will need to be provided in your home. The school or parent must inform Southwark Council in writing as soon as it is known that the absence is likely to be more than 15 days. Evidence relating to the child's absence must also be supplied from the child's GP, consultant, or social worker confirming that the pupil is unable to attend school.

Additional education information you may find useful

Pupil premium – extra funding for your child’s school

All pupils in Southwark primary schools are currently offered free, healthy school meals as part of the Council’s ongoing commitment to healthy living.

You may be able to help your child’s school raise extra money from the government towards the cost of learning resources, activities or teaching staff if you meet the eligibility criteria below:

- Income support
- Jobseeker’s allowance (income based)
- Child tax credit – provided you are not entitled to working tax credit
- Employment Support Allowance (ESA)
- State pension – this benefit must be your sole source of income
- Support under Part IV of the Immigration and Asylum Act 1999
- Universal Credit

If you do meet the criteria above, please contact your child’s school to request a pupil premium application form which you must complete and return back to the school directly.

For further information, contact Southwark Council’s school benefits team by email at school.benefits@southwark.gov.uk or by telephone on **020 7525 5051**.

Free travel

All children attending Southwark primary schools will be eligible to travel on London buses free of charge, some may choose to walk or cycle to and from school. For further information you can view the Transport for London website at www.tfl.gov.uk or telephone **0343 222 1234**.

Child employment

Most children under the age of 16 will require a permit to work. The youngest age a child can work part-time is 13, except children involved in areas like television, film, theatre sporting events or modelling who may need a license if they are missing school and being paid. If the child is a Southwark resident, the person in charge of running the event must apply to Southwark Council for a child performance license.

If the child will not be with their parent, school teacher or home tutor during their employment, they must be supervised by a chaperone who has been approved by the council.

Businesses intending to employ school aged children must apply for a child employment permit before they can be employed. If a child is working without a child employment permit, there’s a risk that the employer won’t be insured against accidents involving the child.

For advice and applications for child performance licenses, chaperone licenses and child employment permits, please contact Southwark Council’s child employment officer on **020 7525 2702**.

Private fostering

If you are looking after a child or young person who is not a close relative (close relatives are birth parents, step parents by legal marriage, siblings, grandparents, aunts or uncles whether they are full blood, half blood or by marriage) for 28 days or more, you must notify Southwark Council on **020 7525 1921**. We will make sure that you and the child are given support and we will also advise you about the other services which might be helpful. If you would like advice about whether you need to notify Southwark Council, please call **07539 346 808** or email
